

Radu Giuran

Full Stack Developer

PROFESSIONAL SUMMARY

- Currently working part-time as a trainer assistant, teaching other students HTML, CSS, JavaScript, React, Node.js, and MongoDB. I help them fulfill their tasks and commit to Git
- As a Full Stack Developer and proud graduate of NewTech Academy, my background in both web development and transport management equips me with a unique blend of technical and organizational skills for the tech world.
- I am serious about my work, punctual, and hardworking, always pushing the boundaries of what I can achieve in the tech sphere.
- Fluent in Romanian and English, and a little French, I am comfortable working in diverse environments and am eager to collaborate with people from different backgrounds.

WORK HISTORY

2024 - present
NewTech Academy
Trainer Assistant

I currently work part-time as a trainer assistant, teaching JavaScript, React, Node.js, MongoDB, HTML, and CSS. I am responsible for giving our students tasks, helping to solve them, and managing our GitHub repository.

2022 - present
Radyus Team
Manager

I own a small business specializing in personal transportation.

2019 - 2022
Geryus Express
Transport Manager

Coordinating the movement of goods or passengers from one place to another efficiently and cost-effectively. Managing the company's vehicles, including acquisition, maintenance, scheduling, and disposal. Developing and managing budgets for transportation operations, monitoring expenses, and finding ways to reduce costs.

2015 - 2017
Manet Pc Shop
Computer Technician

Diagnose hardware and software issues on computers and laptops. Install and configure operating systems, software applications, and drivers. Document all repairs, maintenance tasks, and client interactions accurately.
